EDUCATION

University of Minnesota

Bachelor's of Science in Computer Science

Duluth, Minnesota

Aug 2019 – Dec 2022

Ridgewater College

Associate of Arts

Hutchinson, Minnesota

Aug 2017 – May 2019

EXPERIENCE

St. Louis County MN

IT Applications Developer Associate

Duluth, Minnesota

Feb 2023 – Present

- Developed a web application using ASP.NET MVC with C# and JavaScript that streamlined yearly manufactured home assessments in St. Louis County, MN, automating data collection and tracking changes, which reduced manual effort by 60% and improved assessment accuracy.
- Built dozens of web applications to replace existing paper processes and outdated online forms to greatly increase security with encrypted SQL databases and expedite reviewal processes.
- Developed a workload tracking application that streamlines progress updates, enabling team members to easily monitor their tasks and providing supervisors with clear insights for efficient assessment.
- Built a mobile web application to digitize and streamline the county jail's probable cause holding process, integrating the DocuSign API to automate document signing, which eliminated paper handling, reduced processing time by 70%, and improved record accuracy.
- Corrected material usage reporting errors caused by current fleet management solution that manages hundreds of snowplow trucks to accurately account for the many thousand tons of salt used per year.

St. Louis County MN

IT Applications Developer Intern

Duluth, Minnesota

May 2022 – Aug 2022

- Designed and implemented a web application as an intern to streamline the tracking of new, terminated, and transferring county employees, automating task reminders for supervisors for hundreds of employees yearly, which improved workflow efficiency and reduced manual efforts in the onboarding and offboarding process.

LEADERSHIP

St. Louis County MN

IT Applications Developer Associate

Duluth, Minnesota

Feb 2023 – Present

- Mentor and onboard new developers, providing hands-on training and guidance to accelerate their learning and integration into the team.
